

InfoVir[®] gola

oral spray

Food supplements

30 ml bottle with
measuring cap and dispenser

InfoVir[®] Gola oral spray is a food supplement containing Beta- glucan, Polygonum cuspidatum titrated in Resveratrol, Extract of Plantain (*Plantago Major*), Zinc and Sodium hyaluronate. These substances can be useful for favoring the immune defences and the well-being of the oropharyngeal mucosa.

INDICATIONS

Polygonum has antioxidant properties and is also useful for favouring the fluidity of bronchial secretions. The Plantain Extract favours the well-being of the throat by exerting an emollient and soothing action.

Zinc contributes to the normal function of the system immune system and the protection of cells from oxidative stress.

HOW TO USE

4-5 sprays in the throat 3 or 4 times a day. When using the product for the first time screw the bottle cap clockwise as far as it goes, so that the powder contained in the cap falls into the liquid. Shake vigorously and replace the cap with the special dispenser contained in the package, screwing it down.

Turn the nozzle of the dispenser, after removing the protection, towards the oral cavity and spray. Shake well before each use. Do not inhale.

The presence of Resveratrol (extracted from root of the plant Polygonum cuspidatum) can determine a slightly amber color of the product without compromise its quality.

WARNINGS

Do not use in case of known hypersensitivity to the product ingredients.

Keep out of the reach of children under three years of age.

Do not exceed the recommended daily doses. Food supplements should not be regarded as a replacement for a varied and balanced diet and a healthy lifestyle. Do not use the product after the expiration date indicated. The use of the bottle is strictly personal. Excessive consumption may have laxative effects.
