

# GastroLaryn<sup>®</sup> *Bambini*

Food supplement

150 ml bottle with  
measuring spoon and syringe

GastroLaryn<sup>®</sup> Bambini is a food supplement containing *Musa paradisiaca*, Marshmallow extract and sodium alginate. A unique formulation, specially designed to contribute to the well-being of the child's gastroesophageal and pharyngolaryngeal mucosa, thanks to the synergy of its components, known for the following properties:

- Banana fruit (*Musa paradisiaca*) contributes to the control of the gastric acidity and to the digestive function;
- Marshmallow extract (*Althaea officinalis*) carries out an emollient and soothing action on the digestive system;
- Sodium alginate creates a viscous gel, which acts as a mechanical barrier which prevents the rising of the gastric content; furthermore it is known for its activity of inhibition of pepsin, a substance damaging for the extraesophageal mucosa.

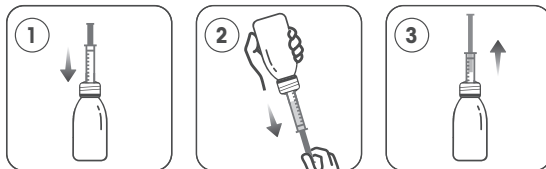

## DOSAGE AND INSTRUCTIONS FOR USE

It is recommended to take 5 ml per day (equivalent to the content of 1 measuring spoon) after meals or when needed.

**Shake the bottle well before use.**

Unscrew the cap by pushing it downwards and rotating anticlockwise.

1. Insert the tip of the syringe into the hole in the undercap.
2. Turn the bottle upside down, then, holding the syringe firmly, gently pull the plunger downwards, allowing the solution to flow into the syringe up to the mark corresponding to the desired dose.
3. Place the bottle back upright and remove the syringe by gently rotating it and proceed with the administration of the dose by applying a light pressure.

Alternatively, after opening the bottle, pour the quantity in the measuring spoon, till to the desired dose.

## CHARACTERIZING INGREDIENTS

Banana (*Musa paradisiaca* L. (pro sp.), maltodextrin) fruit powder; sodium alginate; Marshmallow (*Althaea officinalis* L., maltodextrin) root dry extract; sodium hyaluronate.

For the complete list of the ingredients consult the external box.

## WARNINGS

Food supplements should not be regarded as a replacement for a varied and balanced diet and a healthy lifestyle. Keep out of the reach of children under three years of age. Consult your doctor before giving the product to children under three years of age.

Do not exceed the recommended daily dose. Due to the presence of plant extracts, different batches of the product may vary slightly in colour, but this does not affect the quality of the finished product in any way. Do not use in case of known hypersensitivity to the ingredients of the product.

## STORAGE CONDITIONS

Store in a dry place, away from light and heat sources, at a temperature not exceeding 25°C. The expiry date refers to the product in unopened packaging and correctly stored.
